

**FOOD TECH CLUB
MEMBERSHIP APPLICATION**

Greetings from the Food Tech Club!

We're interested in students from all food related majors who are looking for more than just an academic education. The club is a place to meet other students and faculty and to learn about opportunities in the food industry. To join, fill out this application and bring it along with a **\$5.00** annual membership fee to any Food Tech Club meeting or give it to Carol Cooper in Room 111, Cruess Hall. The application may also be put in the Food Tech Club box, located in the Food Science and Technology mail room in Cruess Hall.
